About me

Highly motivated to join a company that enables professional and personal integration and growth.
Excellent interpersonal skills, a team player, excels at motivating co-workers and setting projects in motion.
A fast learner that loves challenges, and has a strong work ethic.

Education

2020| B.Sc. In computer science

Third-year Computer Science student at Hadassah Academic College, Jerusalem.
Knowledge of programming languages:
C++ | C | Python

Current Average Grade: 95.

2014

Graduated Hartman High School, Jerusalem, majoring in Computer Science. A+ grades in English and Mathematics (5 Bagrut Units).

Military service

2015-2018

Network Administrator
During that time, I was in charge of the IT department, a role that included supporting, managing and handling about 300 users. Furthermore, I was responsible of backing up servers, installing and configuring switches. Developed a network administration software that eased our day-to-day job, as part of a team formed by me and my colleagues. Accredited as a Network Administrator by the Teleprocessing Corps of the IDF.
Won the Brigadier General's Excellency Award for the year 2017.

Work experience

2019-2020| Senior Department of Digital Technologies and Information

During my time at the Ministry of Construction and Housing, I was responsible of supporting and managing over 1,200 users, including maintenance of their equipment, working with servers and Active Directory. I was also in charge of planning and executing the Information Security aspects of the ministry officials' remote work in a closed government network. At multiple points in time, I worked closely with the Minister of Construction and Housing, and the Ministry's CEO themselves.
